

Locations, routes, suggested arrival

We would recommend our guests staying at the hotel and those arriving with children to arrive at the hotel around 2 PM, at which time they can take over the room and the small train leaves for the church at 3:10 PM and returns from the ceremony site at 6:40 PM (capacity: 40-50 people) Between the church and the civil ceremony place there is 7-8 minutes walking distance.

Parking options

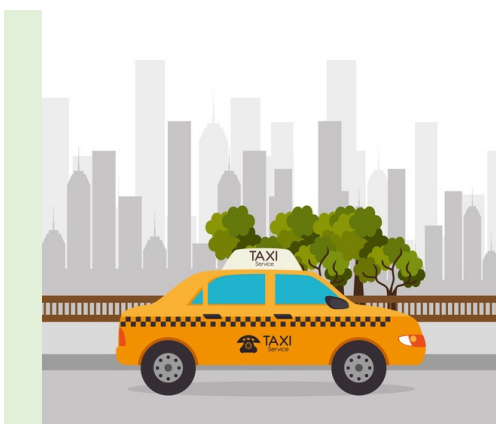

At the hotel: the hotel reserves as many parking spaces as possible for our guests, not only for hotel guests (daily fee: HUF 1,500)

Unfortunately, the street is a paid zone 0-24 hours! - but the perpendicular streets are free

Ceremonies: although the program starts at the church, for those who do not come to the Hotel at first, we would recommend the Batthyányi utca area, as there are few free parking spaces around the church. And at the place of the civil ceremony, we try to find a comfortable and free place for everyone
